BAZAROV

Who are you.

SITNIKOV

Oh my God... COSMIC SKEPTIC??? I'm your biggest subscriber!! I watch, seriously, all your videos!!

BAZAROV

(Ironic) Did you buy the shirt?

SITNIKOV

BAZAROOOOVV!! I can't believe it's you!!!!

BAZAROV

We sell Christmas sweaters now.

ARKADY

(Politely) What did you say your name was?

SITNIKOV

(Confused) My what? ...OH. Victor, Victor Sitnikov.

ARKADY

Arkady.

BAZAROV

(Dryly) Bazarov.

SITNIKOV

This is so crazy. Oh my God. (Catching himself) Not my God... Oh my Wow. So what brings you guys here??

BAZAROV

We're on a little... business...

SITNIKOV

I have to tell you. The first time I heard Eugene say that there is no objective morality... Wow. Mind blown. My eyes literally opened... Oh my God it's so amazing to see you!!! Not my God, oh my wow...

ARKADY

Do you live here?

SITNIKOV

Yes! Home for the summer, junior year of college, woo... Changing my major, actually, so that actually makes me, like, a sophomore-junior? I used to do English, but like, fuck that, right? Changed my major to Chemistry... Turns out I kind of suck at Chemistry? Kind of like failing?... Well, I mean, not that I decided to change my major... Obviously free will doesn't exist... (growing increasingly confused) My genetics, and... certain environmental factors... decided to... change my major...

BAZAROV

You changed your major and you're not good at Chemistry?

SITNIKOV

Um... Yes?

BAZAROV

Nah man. Don't do that.

SITNIKOV

(A crisis) ...What.

ARKADY

Do you do anything for fun around here?

SITNIKOV

(Relieved) Yeah!!! There's a party at the lake tonight. It's gonna be a rager, you should totally come! I mean... it might be so lame... but, you should totally come! There's tons of pretty girls. Not that... beauty is an objective value that exists outside ourselves...

BAZAROV

Where is this?

SITNIKOV

I'll write it down for you... Unless... Do you want me to... text it to you?

BAZAROV

Write it down.
