In honor of Nigel, the “world’s loneliest bird”, our team would like to challenge members of the University of Iowa’s Theatre Department to raise consciousness and efforts around our environmental impact in conjunction with our production of K.T. Peterson’s *Love Bird*. Through October 21st, we challenge you to do the following:

- Recycle *(Where should I drop it off?)*
- Remember Reusable Bags for Shopping
- B.Y.O. Mug or Bottle
- Choose “Used” When Possible
- Waste Less Food

Share your progress on social media by using #LOVEBIRDCHALLENGE. If you do, please note that we may share your post in the lobby at our performances. If you’d prefer to share your progress directly, contact Morgan Grambo.
